STUPENDOUS UNDERTAKING

INVESTIGATE AFFAIRS OF BIG PACKET COMPANY.

Inquiry Decided on by Interstate Commerce Commission—Hamburg-American Company Accused of Maintaining Monopolies.

Washington, June 19.—The interstate commerce commission today decided to investigate the affairs of the Hamburg-American Packet company, which is charged with pooling and maintaining monopolies in restraint of trade. The inquiry is expected to be one of the most stupendous ever undertaken and of a character different than any other that ever before has engaged the attention of the commission. The inquiry will have to deal with an alleged combination between railroads in the United States and a German shipping concern and therefore the interests of every American producer, manufacturer and shipper aspiring to introduce his goods to foreign consumers. According to the complaint on which the action was taken by the commission the Hamburg-American Packet company has built up a complete monopoly of eastbound traffic originating in Chicago, St. Louis, Omaha, Minneapolis and other manufacturing centers of the United States intended for interior ports or places on the continent of Europe. The complaint reviews what it claims to be unfair methods in stifling competition.

The Cosmopolitan Shipping company of Philadelphia, which figures as complainant, operates lines to Rotterdam, Leith and Copenhagen. Charges allege that an ironclad trust in trans-Atlantic freight carrying exists between the Hamburg-American Packet company, the North German Lloyd, the Scandinavian-American line and the Wilson (Hull) line, and that this pool oppresses the volume of traffic each of its members shall carry, and from what port or ports each line shall make its callings, thus involving the apportionment of traffic originating in western cities—both as to character and amount—between the cities of the north Atlantic seaboard.

In charging that the Hamburg-American Packet company in its almost absolute control of eastbound and westbound traffic between interior points of the United States and Hamburg, is a monopoly in restraint of trade, the complainant raises an international question. The allegation is made that the foreign corporation is backed by the German government, dictates terms, routes and rates to shippers all over the United States, who forward goods to Baltic ports, diverts freight to and from American ports at its own will without regard to the natural flow of trade, and uses coercive and unlawful methods to crush competition.

It is charged in the complaint that under the existing contract which European shippers have to sign they must ship every pound of freight to Boston, New York, Philadelphia, Baltimore, Norfolk or Newport News by "trust" lines, whether they go through German, Belgian or Dutch ports, nor the routing of which can in any way be controlled by the merchant. Further it is charged that the merchant who ships one consignment by an independent line, cannot ship any at all by a line in the combination. It is also charged: That the effect of differentials which place American ports on an equality is nullified by the pool's arbitrary division of traffic; that the acts complained of are in violation of the laws of the United States; that efforts to rehabilitate the American merchant marine are hampered and rendered abortive by this monopoly; and finally that there is little use in legislation for the benefit of American shipping, "if at the same time we allow our present laws to be violated by unscrupulous foreign corporations in their effort to suppress American competition on land and sea."

The complaint further alleges that when the Cosmopolitan established its Philadelphia-Copenhagen service last year the "combine" demanded its withdrawal. The Cosmopolitan refused and it is declared an attempt was then made to drive the line from the field, and it is because of this attempt that the appeal was made to the interstate commerce commission for investigation.

A GENERAL DENIAL.

Such Will Be Reply of Accused Packet Company.

New York, June 19.—The reply of the Hamburg-American Steam Packet company to the charges before the interstate commerce commission will, it is understood, be in the nature of a general denial that a combination in restraint of trade exists between the defendant and allied lines. Joseph H. Choate and Harrington Putnam, of this city, who appeared before the commission in November last, when the general subject of trans-Atlantic and coastwise trade was under discussion, will again, it is expected, represent the company. Emil L. Boas, general manager in this country of the Hamburg-American line, to night referred to the charges as "wild and reckless" and "absurd." The whole thing, he said, impressed him as a spectacular waving of the American flag in the interests of a line of vessels that sailed under Danish and English ensigns.

KENTUCKY REPUBLICANS

Nominate A. E. Willson of Louisville Candidate for Governor.

Louisville, Ky., June 19.—After rumors of contests on the floor over the endorsement of a presidential candidate and the local option question the republicans of Kentucky to night selected Augustus E. Willson, of Louisville, as candidate for governor on a platform without a dissenting voice. To the contest between the adherents of Vice President Fairbanks and secretary Taft in committee was warm, but there was but one report, naming no candidate and merely expressing preference for a candidate who would faithfully carry out President Roosevelt's policy. The local option clause of the platform was adopted unanimously. For lieutenant governor, Cox of Maysville, was nominated without opposition.

To platform endorses the Roosevelt administration; promises election law reform favors publicity of campaign contributions; demand rearrangement of state, congressional, legislative and judicial district; revision of state school laws; repeal of the law creating a state racing committee; a uniform local option law.

NO CRIMINAL CONDUCT.

Opinion of Supreme Court in Thornton Disbarment Proceedings.

Springfield, Ill., June 19.—In handing down an opinion in the disbarment proceedings against William P. Thornton of Chicago, the supreme court today said that it is not satisfactory proof that Thornton used the advantages that his relations with F. H. Rowe, of Jacksonville, attorney for the state insurance department, gave him, for dishonest and professional purposes and that his actions did not show any criminal conduct, although the facts are not entirely creditable to the parties in the transactions. Rowe was accused of entering into a corrupt agreement with J. W. Lauderdale to transfer the names of the Traders Mutual Insurance company to the Western Union Life Insurance company. Thornton was a partner of Rowe.

BUILDING FORTS.

Mexico City, June 19.—Guatemala has 1,000 men employed building forts at the port of Ocos and is making that point the strongest fortified port in Central America, according to the statement of R. Zol, a coffee plantation owner of Salvador, recently arrived in Mexico City. Fortifications are being erected not alone on the coast, it is said, but deep trenches are being built and machine guns and cannon mounted along the frontier at Ocos.

PERE MARQUETTE RAILROAD.

Plans for Settlement of Affairs of Road Announced.

New York, June 19.—Details of the settlement of the affairs of the Pere Marquette railroad were announced. A large number of the preferred shareholders have agreed to subscribe to \$5,000,000 five year, 6 per cent debenture notes to the extent of 50 per cent of their holdings. These notes are to provide for payment of the company's floating debt to a similar amount, which is at present outstanding in the form of receivers' certificates. In return they are to receive a new issue of preferred stock, with a bonus of new stock amounting to 15 per cent of their holdings.

It is stated that the Pere Marquette stockholders have furthermore agreed to cancel the lease of the road by the Cincinnati, Hamilton & Dayton. When the stockholders at their next meeting vote in favor of this plan, the Pere Marquette will be taken from the hands of the receiver and it will be made a local Michigan company, to be run independently, with several Michigan capitalists elected to the board.

REFUSED NEW TRIAL.

Leavenworth, Kans., June 19.—The Uncle Sam Oil company was today refused a new trial and declared bankrupt. Zachariah Hazen of Topeka was appointed special referee in bankruptcy and will administer the estate.

LIMITATION OF ARMAMENTS

QUESTION BROUGHT UP BEFORE PEACE CONFERENCE.

Reservation to Present Matter Made by Porter on Behalf of United States—Subject Not Allowed to Go by Default.

The Hague, June 19.—The surprise of the second session of the peace conference this afternoon was the formal reservation by General Horace Porter on behalf of the United States of the right to present the question of limitation of armaments. Together with this he also reserved the right to introduce the subject of collection of contractual debts by force. While this reservation was made quite naturally in accordance with the notice served on Russia during the preliminary negotiations last spring and in order that silence now might not be construed as acquiescence in restriction of the work of the conference to the limits of the Russian program it is believed to indicate the firm resolve on the part of the Washington government, after seeing the trend of the situation here, to raise the question later if it becomes apparent that the subject is going by default.

It can be stated positively, however, that no proposition has yet been formulated by the American delegates, but this action has renewed the hope that the United States would bring up the question of limitation and has given great satisfaction to the pacifists.

Sir Edward Fry also served notice that Great Britain reserved the right to introduce subjects outside the program, but less significance is attached to this action.

Another interesting feature was Baron von Bieherstein's notification that Germany intended to offer a proposition of an international prize court to which appeals could be made at time of maritime war and the decision of which should be final. General Porter seconded this proposition on behalf of the United States, and Sir Edward Fry declared that Great Britain proposed to advance a subject on similar lines. Beyond these two matters the session was perfunctory in character.

CLEVELAND ILL.

Former President Was in Serious Condition for Several Days.

New York, June 20.—Advices from Princeton to day state that former President Grover Cleveland has been seriously ill at his home for some days and that for some time his family and friends who knew his condition were much alarmed. Mr. Cleveland, it is said, has passed the crisis.

COMPETITION IS NOT GREAT.

Washington, June 19.—Competition among ship builders for the contract of building two new American battleships of the Dreadnaught type is not so keen as officials of the navy department would like. The bids are to be opened to morrow. The department has received an intimation that one and possibly two of the biggest eastern companies whose bids are most earnestly desired will not be in the contest. Why this is thought, is not explained.

SERIOUS RIOTING.

Montpellier, France, June 19.—Serious rioting broke out here to night, lasting all evening. A mob attempted to rescue prisoners from the prison. Troops were received with a volley of stones and bottles and pulled off their horses and clubbed.

HOW HE WON HER.

"The man I marry," said the girl in the parlor scene, "must be but a little lower than the angels." "Well, what's the matter with me?" queried the young man as he dropped on his knees at her feet. "You see, I'm a little lower than one of them."—Houston Post.

REASSURING HIM.

Cholly—Doctor, tell me the worst. Am I suffering from a brain storm? His Physician—Calm yourself, my dear fellow. You have some of the symptoms, but the conditions are totally lacking.—Boston Transcript.

INFALLIBLE SIGN.

"That man," said the great detective, "is evidently a genius." "Why do you think so?" queried the ordinary person. "The fringe is beginning to form on the bottom of his trousers," explained the G. D.—Chicago News.

ISSUE ULTIMATUM

Telegraphers Will Strike Unless Demands Receive Consideration—No Date Set.

New York, June 19.—Unless its demand upon the Western Union and Postal Telegraph companies receive consideration a strike will be ordered within a week or ten days. It was announced today by the Commercial Telegraphers' union. No specific date for the expiration of their ultimatum is set and the question of involving one or both companies was left open. It is thought that no general strike is at present contemplated, but that the men will be called on at some one large office, to be followed by a series of local strikes elsewhere.

Edward B. Nally, vice president and general manager of the Postal Telegraph company, said this afternoon: "The Postal does not expect a strike. We are confident that our employees have no grievances against us."

The Western Union officials said they had no comment to make upon the matter.

INVESTIGATE THREAD TRUST.

Formal Complaint Is Made to Department Alleging Monopoly.

Washington, June 19.—The thread trust is to be investigated by the department of justice. Formal complaint has been made to the department, alleging that the American Thread company is a monopoly in restraint of trade and asking that it be dissolved through prosecution of the federal government.

About two weeks ago local retail dealers were informed that the wholesale price of thread was advanced from 55 to 62 cents per dozen spools. This has compelled the retailers to raise the price to their customers from 5 to 6 cents per spool.

The dealer who made complaint said to day: "The excuse for the advance was the poor crop of cotton early in the season. But as the season has progressed the crops have measured up to the standard and there seems to be no well grounded reason for putting the prices up." The American Thread company was formed several years ago, some of its constituent companies being the J. & P. Coats company of Rhode Island, and the Willamette company of Connecticut and the Clark company of New Jersey.

KING'S GOLD CUP STOLEN.

Ascot, England, June 19.—For the first time in the history of the event, the race for the king's gold cup will be run tomorrow without prospect of the winner being able to carry away the valuable trophy unless the police are able to accomplish what now seems to be impossible—the task of capturing a thief who stole the cup yesterday.

According to custom, the trophy, with several others, was displayed on a table behind the grand stand during yesterday's meet. While an accomplice of the thief attracted the attention of two officers guarding the cup, the robber sneaked it off the table and made his escape.

ZION CITY FIGHT.

Receiver Granted Authority to Sell Property.

Chicago, June 19.—Judge K. M. Landis, in the United States circuit court, granted Receiver Hately to day authority to sell property in Zion City. The contest between Volvia and Lewis for leadership of the church probably will be determined by Judge Landis in July if it is found the latter has jurisdiction.

AFFAIRS IN RUSSIA.

Noszhin, Russia, June 19.—The headquarters of the terroristic organization has been discovered here. Fourteen persons were arrested on a charge of participating in conspiracies.

Yekaterinoslav, Russia, June 19.—The entire local committee of the social democrats has been arrested and the secret printing office which they operated confiscated.

DEATHS.

CANNOT MAKE CONTRACTS.

Denver, June 19.—The Western Federation of Miners, 345 to 25, adopted a resolution prohibiting local unions making contracts with operators.

MADE DRAMATIC PRODUCTION

GODDARD BOMB OFFERED AS EVIDENCE IN TRIAL.

Made Case Stronger Against Haywood—Denunciatory Articles Published in Miners' Magazine Admitted as Evidence.

Boise, Idaho, June 19.—The state today made a dramatic production and proof of the Goddard bomb and besides offering further corroboration of the testimony of Orchard against Haywood, secured a ruling under which a number of denunciatory articles published in the Miners' Magazine, the official organ of the Western Federation of Miners, will be admitted in evidence.

To Justice Goddard himself fell the task of telling the story of finding and preserving for use as evidence of the bomb with which Orchard tried to kill him. He testified that the first information he received about the bomb came to him from Orchard's confession which was shown to him at Denver, Feb. 13, 1906, by Detective McPharland. He at once returned home and in his gate discovered a screw eye which Orchard said he had placed there. It was rusted and corroded by ten months' exposure. The witness said he had examined the ground outside the gate, where Orchard said he placed the bomb and found a slight depression, with the soil packed very hard around it. The bomb was dug up the next day by General Bulkley Wells, who used a pocket knife to cut the soil away and raise the pine box containing the bomb. There was a small phial on top of the box and attached to the rubber cork of the phial was a piece of rusted wire.

The bomb and its attachment were then sealed in wrappers and envelopes that were signed by a half dozen witnesses, including Justice Goddard, and placed in a vault, the door of which the seals, including that of a notary public, were attached. There they rested until the following May 22, when believing the Haywood case was to come to trial, they were removed in the presence of the same witnesses and all save three of the forty sticks of giant powder contained in the bomb were exploded. The bomb itself, twelve giant caps and two wrappers torn from the sticks of giant powder, were saved as evidence. All these were presented in court to day and identified by Justice Goddard. The attorneys for the defense objected to the evidence and exhibits and moved to strike out everything, but the court ruled against them all along the line.

TRIAL OF HOLMES.

New York Speculator Concludes Third Day on Stand.

Washington, June 19.—L. C. Van Riper, the New York speculator, to day concluded his third day on the witness stand in the trial of Edwin S. Holmes, Jr., charged with divulging the crop reports of the agricultural department. The only new development was a statement to the effect that Holmes had told him that Hans had on one occasion given him \$49,000 in one thousand dollar bills.

HEAVY FINE.

Newport News, Va., June 19.—Captain Morrow of the U. S. army transport Kilpatrick, has been fined \$720 by the treasury department for violating the law of bringing to this port a case of fine dress goods marked "used household goods." The box was shipped from Havana by Major Herbert Slocum, U. S. army. It is understood that Morrow will ask the department to remit the fine, claiming that while he was technically guilty he did not know the contents of the case and did not knowingly violate the law.

Toulon, France, June 19.—The French submarine boat Gymnote was sunk in dry dock to day owing to the carelessness of workmen, who opened sluices without notice. Examination showed that the submarine was so damaged by water as to be a total loss.

Beloit, Wis., June 19.—Rev. J. P. Deane of Ashland, Wis., has been appointed president of Beloit college. Prof. A. W. Burr, who has held the place 24 years, has resigned to take up work on the college faculty.

St. Louis, June 19.—When the two cent passenger rate law was put into effect to day for ninety days by the Missouri railroads under the ruling of Judge McPherson, announcement was made here that all half rate concessions will be discontinued forthwith.

AMERICAN HANDICAP

Preliminary in Great Shoot Won by George L. Lyon—Team Shoot Won by Illinois.

Chicago, June 19.—George L. Lyon of Durham, N. C., runner-up in the Great American handicap last year, won the preliminary handicap to day with 96 out of a possible 100. Two brothers, Tom and J. E. Graham, of Long Lake, Ill., tied for second, with 95 each. Lee Barkley, of Chicago, made the high score for professional with 95.

Five States were represented in the team shoot, nineteen teams of five men each facing the trap. The second Illinois team won the event with 468. All shot from the 16-yard mark at 100 targets each. Missouri was second, with 452. Illinois had five teams in the event, and Missouri, Iowa, Wisconsin and Nebraska one each.

DROWNS TO ESCAPE BURNING.

Young Woman Jumps From Launch and Burning Naphtha Into Lake.

Pittsfield, Mass., June 19.—Lake Pontiac is being dragged to day to recover the body of Miss Lucy Robinson, one of the most beautiful girls in Pittsfield, who was drowned last night when the naphtha launch in which she and some friends were sailing exploded.

Miss Robinson and two others were in the launch with Robert Lloyd, the owner, when the engine broke down and a match lighted to help find the trouble, ignited the naphtha. The explosion threw blazing naphtha all over the occupants, who to save themselves, had to jump overboard. Miss Robinson sank immediately. The others kept afloat until rescued by a companion party on shore.

LONG EFFORT IS REWARDED.

Ludington, Mich., June 19.—Dr. Franklin S. Slocum, a prominent physician of this city, left to day for Washington to conclude final arrangements for securing a \$1,000,000 fortune which he has been endeavoring for fifty years to secure.

In 1854 Dr. Slocum's father, a Russian importer, was banished from Russia with his family because of political reasons, and one-half of his property, amounting to 280,000 rubles was confiscated. As the result of long litigation, this money with its accumulated interest, will now be paid over to the heirs through Baron Rosen, the Russian ambassador. The amount is more than \$1,000,000, of which Dr. locum will receive half and his son and daughter, Franklin Slocum, Jr., of St. Louis, Mo., and Josephine of Cleveland will each receive one-fourth.

MCKINLEY MONUMENT.

Canton, Ohio, June 19.—At the meeting of the trustees of the McKinley National Memorial association to day the report showed that the association is still \$30,000 short of the amount desired for the endowment fund. At the dedication of the monument Sept. 30 President Roosevelt, Vice President Fairbanks and other public men will be present. It is also planned to have an imposing military pageant.

FORCED TO STRIKE PARENT.

Son Had to Beat Insane Father in Order to Protect Life of Mother.

Providence, R. I., June 19.—In defending his mother from an attack by his father to day, Ralph Crumb inflicted injuries from which the elder Crumb will probably die. The father is believed to be dying at the hospital and the son is under arrest.

According to the story told by both Mrs. Crumb and her son, the elder Crumb was taken suddenly insane. Crumb was taken suddenly insane. Rising just after daylight he started out of the room and when his wife followed he suddenly seized a chair and attacked her. She screamed for help, and Ralph, rushing in, took up a shotgun that stood in the corner and struck his father a terrific blow on the head, felling like an ox and fracturing his skull. The force of the blow broke the gun squarely in two.

INCENDIARIES ARE ACTIVE.

Allentown, Pa., June 19.—The incendiaries who have terrorized Allentown the last few weeks, early this morning imperiled the lives of six people when they set fire to the home of Max Jacobson. The fire was discovered by Mamie, the oldest child. She awakened the rest of the family, consisting of husband, wife and three children. The front of the house was aflame and their egress was cut off. They groped their way through the blinding smoke to the rear of the house, escaping by the rear stairway, barefooted and clad only in night gowns. Jacobson's home was destroyed. This is the fifth incendiary fire in Allentown in two weeks.

CONVENTION BEING PACKED

CHARGES MADE BY FACTIONS IN PUBLIC LANDS MEETING.

Claims Made Colorado's and Wyoming's Representation Too Large—Committee Ordered to Make Report To Day.

Denver, June 19.—A sensation was sprung in the public lands convention to day by charges made by both the administration and the anti-administration forces that the convention was being packed. The anti-charged that a number of men who were not properly accredited delegates had been given seats. An order was made to issue new cards of admission and to see that only genuine delegates received them. When the committee on credentials reported it was found that 496 delegates were accredited to Colorado, 145 to Wyoming and the balance to states scarcely 100. Colorado's representation was later cut to 396, it being stated that first figures were an error in addition. It developed that all of Colorado's accredited delegates, whether present or not, had been counted, while in the case of the other states only those present were to be allowed to vote. The report was sent back to the committee with instructions to bring its report according to the call of the convention. This committee's report will be heard the first thing to morrow morning and if it obeys its instructions it will give a vote for every person whose credentials have been sent to the convention whether they are present or not.

Jacksonville made it three straight from Oskaloosa Wednesday when the visitors were shut out by a score of 5 to 0. The locals won the game in the fifth when consecutive hitting coupled with errors by Oskaloosa gave them five runs, all that were made in the game. The Oskaloosa players were unable to hit Patrick with any effect. He pitched one of his best games and struck out ten, and allowed five hits. He was given great support, the work of Hagel, Belt and Craig being especially good. Oskaloosa got but one man as far as third and he was caught at the plate.

Scott pitched a good game for Oskaloosa except in the fifth and allowed seven hits. Four, however, came in the fifth. It was the first game he has lost this season.

How the Runs Were Made.

Hughes was first up in the fifth and hit over third base for two bases. He was sacrificed to third by Roland. Copeland followed with a hit to short which he beat out by fast running, as Kensel made a bluff at third base before throwing to first. Patrick laid the ball down and Mattick fumbled and he was safe at first and Copeland at third while Hughes romped home with the first run. Copeland was caught between third and home on an attempted "squeeze" and was safe at the pan when Scott dropped the throw. Scott then got up in the air and Craig and Bertie walked, filling the bases. Hagel singled to left center scoring Patrick and Craig. Moran flied to Patterson but Belt singled to center scoring Bertie. Then Hughes ended the agony by going out Kensel to Cramer.

Baseball Notes.

Burlington Gazette: It's Thursday,

Friday and Saturday with the Jacksonville team in this city. The outcome of this contest will no doubt put us in first place.—The old saying is mighty true "Figures won't lie, but liars will figure."

The Daily Courier of Waterloo makes the following sarcastic comment of Ned Egan, manager of the Pathfinders, says the Keokuk Constitution-Democrat, Waterloo fans will remember Manager Egan of the Burlington Pathfinders with pleasure and long for his return to the city as often as he may find it convenient. He's a bully good fellow, that Egan. Yesterday he conceived the idea that there was not excitement enough in playing a double header and that the people in attendance at the two games might not miss any part of their good money he made a successful effort to break into the lime-light. Umpire McGreevie wasn't on to his job, according to Egan, and he disputed his decision to such good effect that he was first fined and when this failed to put a gag in his mouth he was sent out of the grounds for the first game. His reception when he returned to take part in the second game was joyful. Everybody was glad to see him. Incidentally Rose and House were benched for following the high ambition and lofty purpose of their manager.

Many ball players are now complaining of "piano legs." Freddy Parent, of Boston, is the latest diamond artist to join the parlor grand brigade. Jimmie Collins, Doc Casey, Harry Lumley, Sam Mertes, Jimmy Jackson and Charley Hickman all have piano underpinnings. Jim McGuire also has percheron pins. Piano legs are defined as a surplus of weight and muscular tissue on the lower limbs. Ball players dread first indication of piano legs. Heavy cumbersome legs, slow up a ball tosser on the bases and mitigate against his efficiency in the field. Corpulence on the grand circuit is not a good sign. Many of the great players of the past were relegated to the minors because they lost their speed. Long, lithe leg muscles of the greyhound type are much to be preferred to the stocky striders of the Roger Bresnahan kind. Piano legs have to be tuned up. Only a long sweating and boiling out process in the spring will give the players the sprint to stay with the speedy base runners.

BANISH FOOTBALL FOREVER.

Chicago, June 19.—One year's test of no intercollegiate football at Northwestern university has proved so satisfactory that President A. W. Harris said the same policy would be continued and the game will probably be banished from the college forever.

Amni back in Evanston for commencement week heard this statement following a meeting of the university trustees, to whom President Harris made a report. For one thing, it showed that the attendance had increased twenty-seven over last year, instead of diminishing as had been feared when intercollegiate football was wiped out. Also, the ratio of men students to co-eds has slightly increased.

It is worth considering to any citizen of Jacksonville to know how to be cured of painful, annoying and itching piles. Know then that Doan's Ointment is a positive remedy for all itchiness of the skin, for piles, eczema, etc. One application relieves and soothes. Read this testimony of its merit:

John Minter, living at 423 South East street, Jacksonville, Ill., says: "A number of years ago I made a statement for publication to the merits of Doan's Ointment and what it had done for me. I had been annoyed with an attack of eczema and used many medicines with very poor results, when I procured Doan's Ointment at the Armstrong drug store. I used it with very satisfactory results and have not had an attack since. I take pleasure in endorsing this remedy as one of great merit for healing and soothing all skin diseases. I make this statement after a test of this ointment years ago."

LOVEJOY CELEBRATION.

Springfield, June 19.—C. J. Doyle, H. G. Russell and H. C. Wilbitt of Greenfield, Greene county, are in the city to day and secured the consent of Gov. Deneen and former Gov. Yates to address the celebration of Owen Lovejoy's great political speech delivered July 20, 1860, in the grove six miles south of Greenfield.

Both gentlemen consented. Attorney General Hadley of Missouri and Speaker Joseph G. Cannon will be the other speakers.

Every prominent man in Illinois will be invited and it is known that large numbers will be present.

It will be impossible to hold the celebration on the exact anniversary, but July 23 has been chosen as the date most convenient to some of the speakers. The celebration will take place in the identical grove where Lovejoy spoke and the speaking will be from the very spot on which he stood.

At least 10,000 people are expected to attend. The celebration is of national importance. The speech Lovejoy delivered was the most important in his career and the most effective. Horace Greeley sent a special representative from the New York Tribune to get it and was published in full. Leaders irrespective of party, declared it made converts by the hundreds. In 1880 Robert G. Ingersoll declared it was the greatest political speech ever delivered on the American continent.

It was arranged to celebrate the event in that year and the national Republican committee consented to Mr. Ingersoll making an extra address in Illinois but when it came to making the arrangements, the committee fixed the celebration for their fair grounds in Carrollton, twelve miles from the scene. Mr. Ingersoll, in accepting the invitation to speak, said that it would be an honor to him to speak on the spot where Lovejoy stood and when he learned that the committee had made the fair grounds at Carrollton the place for him to speak, he declined and the celebration fell through.

This time it will be held under the joint auspices of Greenfield and Rockbridge.

WILL PRESERVE HOME.

Springfield, News—It will not be long probably until the old Lincoln homestead will be like the old man's knife which had had two new handles and several new blades. As the material decays and is replaced by new, the original appearance of the house is preserved, however, and it is still the Lincoln homestead. In replacing some of the old sills it was found that the oak sills were badly rotted while walnut timbers used in construction were sound as when placed in the building in 1839. It is intended to reproduce the old picket fence, which was so familiar to the older people of Springfield.

AN INTERESTING BOOK.

Mrs. C. W. Clampt has in her possession a rare book, which is called on its title page "A Hieroglyphical Bible for the amusement and instruction of children being a selection of the most useful lessons and interesting narratives scripturally arranged from Genesis to Revelation embellished with familiar figures and striking emblems neatly engraved. To the whole is added a sketch of the life of Our Blessed Savior, the Holy

Apostles, etc. Recommended by the Rev. Rowland Hill, M. A."

The book was published in 1794 in the quaint form then in vogue. It is bound in boards covered with cloth and is some four inches wide by seven long and has 144 pages. Each page is given to a verse and a part of the words are represented by pictures printed in a very crude style and many of them colored by hand. At the bottom of the page the verse is printed in full and the book is, as stated, for the amusement of children at a time when the means for entertaining the little folks were decidedly limited and the good people thought it wise to work in the holy book into the means of amusement, a custom which could be revived at the present day to good advantage when some people whose school days

are over look in the new testament for the book of Ezra.

At the end of the book, after the biographies mentioned in title, is a short catechism pertaining to bible truths and history and winding up with some quaint questions and answers, as per example.

"Who are the best children? They that fear God and keep His commandments and obey their parents."

"Who are the worst children? They that lie, swear, steal, break the Sabbath, despise God and keep not His holy commandments."

A True Piano Bargain

consists not in price alone considered, The cheapest pianos are dear at any price. The only foundation for a real piano bargain is QUALITY. First of all the QUALITY OF TONE, and that quality depends upon the quality of material used, to make it durable, and the quality of workmanship and adjustment to properly develop and bring it out. Even the quality of the case influences tone, but it may be either plain or elaborate, according to taste, and therefore you cannot judge the quality of a piano by its outside appearance.

PIANOS

The MEASURE OF QUALITY with most people is price. It sounds like quality to have it high and it sounds like a bargain to have it reduced. The average dealer knows this and therefore he MAKES A PRICE for the purpose of indicating high quality. BUT DOES IT DO SO? Not when the dealer can make money by having special sales at a big reduction; or present you with a coupon which you can return as a credit of one hundred or more dollars when you purchase. He simply begins at the point he would like to sell you if he could, and goes toward the RIGHT PRICE so far as he finds it necessary. REAL bargains are not deceptions. RIGHT prices deceive no one. We have PIANOS OF QUALITY and are ready to offer them at RIGHT PRICES.

He was 78 years of age and had been a resident of New Haven practically all of his life. He was a good, kind man, honest and true and had a large circle of friends, being especially prominent in the Masonic circles of New Haven. He retired from active business life about ten years ago, disposing of his interests in the Barnum & Root Foundry company and since that time had been a frequent visitor to Jacksonville. Mr. Root is survived by his wife and one sister, Mrs. Bancroft. The funeral will take place Saturday.

Wedding Events of Prominence Took Place Wednesday—Hook-Wood

Nuptials—Wainwright-Peak

Wedding Comes as Surprise—Dr. A. H. Dollear and Miss Pearl A. Gilbert Married—Phillips-Mann Ceremony.

Hook-Wood.

Mr. William S. Hook, Jr., and Miss Myrtle Wood were married Wednesday evening at 6 o'clock at "The Elms," the home of the bride's parents, Mr. and Mrs. Richard Wood, three miles southeast of the city.

For this nuptial event the Wood home was decorated with palms, ferns, cut flowers and Easter lilies. The color scheme in the room where the ceremony was said was white and green and in the dining room, yellow was the prevailing color.

Preceding the ceremony Mrs. Robert Jess of Springfield, sister of the bride, sang "The Letter Song," and as the wedding party entered the parlors Mrs. Jess, as matron of honor, led the way singing the bridal chorus from Lohengrin. Her gown was a light blue embroidered lawn. Mrs. Louis Wiggins, of Springfield, played the wedding march.

Mr. B. S. Hook, the best man, and Mr. Fred Rowen, groomsmen, came next, who were followed by Miss Louise Huffaker as bridesmaid. She wore a gown of mousseline trimmed in Irish lace. Miss Mae Brown was maid of honor and wore a gown of white crepe chiffon trimmed with lace, both of whom carried a shower bouquet of myrtle. Next came the bride and groom. The bride was attired in a gown of embroidered net trimmed in Valenciennes point lace and carried a shower bouquet of lilies of the valley.

The bride was given away by her father, Richard Wood, and the Episcopal service and ring service were used in plighting the vows which were said by Rev. T. H. Marsh, of the First Baptist church.

Following the ceremony a seven course dinner was served to the thirty guests present. The bride is the daughter of Mr. and Mrs. Richard Wood and is held in much favor by a large circle of friends who will wish her a happy married life. The groom is the son of Mrs. W. S. Hook of Los Angeles, Calif., who formerly lived here. He is engaged in business in the west.

Mr. and Mrs. Hook left in their automobile to Springfield and from there will go by rail to Chicago. They expect to make an extended automobile trip through the east and to arrive here about the middle of August after which they will go to California to make their home.

Among the out of town guests present were Mrs. W. S. Hook, B. S. Hook, Thomas Hook and Fred Rowan of California; Warren Nixon and Miss Helen Nixon of St. Louis; Miss Sybil Gordon of Chicago; Mr. and Mrs. Robert Jess and Mr. and Mrs. Louis Wiggins of Springfield.

Dollear-Gilbert.

Dr. Albert H. Dollear of Watertown, and Miss Pearl A. Gilbert of this city, were married Wednesday evening at the home of Mrs. John Smith on the Mound road, a sister of the bride. Those present were limited to the immediate relatives and friends of the contracting parties, the only out of town guest being a sister of the groom, Mrs. Swander, of Terre Haute, Ind.

The impressive marriage service was said by Dr. A. B. Morey, pastor of State Street Presbyterian church. There were no attendants and the ceremony was performed in the parlor of the Smith home, where a color scheme of red and white was very prettily carried out with a profusion of floral adornments. The color scheme in the living room was pink and white, while the dining room looked very pretty in a color scheme of green and red. After the best wishes and hearty congratulations had been extended an elegant wedding supper was served accompanied by the cutting of the bride's cake, always an event of interest.

The bride is the daughter of James M. Gilbert of this city and is highly esteemed by a wide circle of admiring friends.

She is a graduate of the Passavant Hospital training school for nurses and is a young lady of many accomplishments.

The groom is a physician on the hospital staff of the state hospital for the insane at Watertown. He is a graduate of Illinois college, being a member of the class of 1901, and of the class of 1904 of the medical department of the St. Louis university. He studied with Dr. F. P. Norbury of this city and after graduation was assistant physician at Maplewood sanatorium. He was appointed county physician in 1905 serving one year. He resigned the latter position to accept an appointment as a member of the hospital staff at Watertown. Dr. Dollear is a young man of excellent attainments and has made marked progress in his profession. He enjoys the confidence and esteem of a large circle of friends in Jacksonville, where he was born and raised, and the many friends of both young people will unite in wishing them every happiness and a long and prosperous wedded life.

Dr. and Mrs. Dollear departed on the Hummer on their wedding trip and will visit in Terre Haute, Ind., before going to their home in Watertown.

Wainwright-Peak.

A marriage which will come as a surprise to their many friends was that of Dr. William F. Wainwright of Winchester and Miss Bronna L. Peak of this city, the ceremony being performed at 5 o'clock Wednesday evening by Dr. Joseph R. Harker at the Woman's college.

The bride wore a gown of Persian lawn trimmed with handsome lace and carried pink carnations. After the ceremony which was very simple, yet impressive, light refreshments were served.

The bride is well known in this city, having been in the employ of Hoffman Bros. as saleslady for the past five years, where she was held in high esteem. She is the daughter of Charles O. Peak of 229 South Prairie street, having come with her parents to this city from Exeter, Ill. She possesses many admirable traits of character and by her winsome ways has won a host of friends who will unite in wishing her every happiness.

The groom comes from one of the best families of Scott county, being the son of William F. Wainwright of Winchester. He is a graduate of the Marion-Simms university of St. Louis in the class of 1903, and has been following his profession in the capital of Scott county ever since. He is well known for his industry and business ability and stands well among his citizens.

Dr. and Mrs. Wainwright left the city at 6 o'clock for Winchester accompanied by the groom's sister, Miss Kate Wainwright, and Miss Winnie Wackerle.

The newly wedded pair expect to make Winchester their home and their many friends will wish them a happy voyage through life.

Phillips-Mann.

A very pretty home wedding took place last evening at 9 o'clock at the home of R. H. Mann on North Church street when Miss Mary Ella Mann became the wife of Albert E. Phillips. Rev. T. H. Marsh performed the ceremony in his usual impressive manner. The two front rooms were tastefully decorated with pink and white peonies and roses. At the appointed hour the bridal party marched into the parlor to the beautiful strains of Mendelssohn's wedding march, played by Miss Maud McPhail. The bride wore a beautiful white gown of French lawn and carried white carnations. She was accompanied by her sister, Miss Minnie Mann who wore a beautiful creation of pink mull and carried pink carnations. The groom was accompanied by Edwards Parks, of Urbana, as best man.

After the ceremony was performed and congratulations extended by the many friends present a delightful social time was enjoyed. Light refreshments were served.

The bride is the second daughter of R. H. Mann and has endeared herself to a large number of friends in this city.

The groom is the son of Mrs. Elizabeth Phillips and at present is associated with his brother in the confectionery business on the south side of the square.

The young people were the recipients of many handsome presents and begin life with the most favorable wishes of their many friends. They will be at home to their friends after July 1st at 344 East Court street.

PAINFUL ACCIDENT.

J. N. Ward had the misfortune Tuesday to step on a large nail which almost penetrated his left foot. Mr. Ward was engaged at the time in turning over a board which was filled with nails. In his care to protect others from injury he failed to notice a nail extending through the board from the other side and stepped upon it in such a way that it passed through the sole of his shoe and almost penetrated the fore part of his foot. Mr. Ward's call for help quickly brought those about the book bindery who helped him to remove the nail. He is now under the doctor's care and is in very little pain. The wound although a painful one is not considered dangerous.

Home Treatment for Women

The Prescription of a Great Physician
VALUABLE PROVEN

During Twenty Years of Actual Practice.

Probably one of the most successful medical prescriptions for the treatment of women's diseases was Dr. P. D. Megginson. He formulated Zoa-Phora by the use of medicinal ingredients, which have since shown him to be the best, and one which did them in just the right proportions to produce the desired effect on woman's delicate organism. During more than twenty years of actual medical practice, he invariably prescribed Zoa-Phora for the alleviation of pain and for the permanent restoration of health to sick and ailing women.

Success to a marked degree attended his treatment of all those diseases and derangements of the genital organs which are peculiar to women only. It is not necessary to enumerate here the various forms of weakness and disease—all women know what they are—which Dr. P. D. Megginson treated so successfully by the use of Zoa-Phora.

Further proof of these statements, if desired, and more detailed information as to the results obtained from the use of Zoa-Phora, can be obtained by writing the Zoa-Phora Company, Kalamazoo, Mich. They will gladly answer all inquiries and will send you copies of letters from many women who volunteer words of praise for the doctor's treatment. Within a short time the demand for Zoa-Phora, brought about by the recommendation of women who had been blessed by its use, became so great that the doctor could not personally attend each patient, and now Zoa-Phora is being sold by reliable druggists nearly everywhere. It comes in sealed, sterilized, delicate bottles, already prepared, and compounded in just the right proportions. There can be no mistake if you ask for Zoa-Phora.

In each package will be found a copy of "Dr. P. D. Megginson's Advice to Women," a medical book giving interesting and valuable information about all diseases of women, and the way to successfully treat them in the privacy of your own home. You need not tell your troubles to anyone.

IN 'SQUIRE DYER'S COURT.
The case of Mrs. Virginia Ferris vs. the Wabash railroad for the killing of a cow, was tried by the following jury: J. A. Armstrong, Harry Marks, N. W. Reid, George W. Weeks and J. W. Hamm, who rendered a verdict in favor of the railroad.

In Society.

A sewing given yesterday afternoon by Miss Emma Capps and Mrs. Martha Capps-Oliver inaugurated the ante-nuptial entertainments for Miss Jeanette Capps. Mrs. Edith Capps-Stambaugh of Chicago and Miss Alice Capps of Montreal, N. C., who are here to attend the approaching wedding were also guests of honor.

The company was a small one, being limited almost entirely to immediate family relatives. The beautiful old home which is endeared by the associations of three generations was profusely decorated with flowers of the season, the wide rooms giving ample scope for an artistic effect. The front parlor was massed with crimson ramblers and Japanese roses, the mantel arrangements being especially effective. The back parlor was in yellow daisies and nasturtiums and the library was in pink and white carnations. Delicate refreshments were served and the afternoon was one of rare enjoyment to all present.

St. Louis Globe.—At the breakfast which Mrs. Festus Wade gave on Tuesday morning from which they arose at 4 o'clock in the afternoon, to be explicit, the question of bridge was brought up. The ladies, there being twelve of them, voted that bridge is the best game in the world to prevent gossip. "Why, I don't know a thing that is going on any more," said one lady. "We begin to pay bridge every place I go and we play until the last minute, and I never have time to talk a bit."

James T. King and Mr. and Mrs. U. G. Woodman entertained about forty guests at their home on West State street Wednesday evening. An interesting part of the evening's entertainment was the ledgermain program given by Mr. Woodman. He certainly ranks well among the professional prestidigitators of the country and his work of last night was

watched with amazement and enjoyment.

During the evening elegant refreshments were served in the dining room which was tastefully decorated with white carnations, and the entire time was pleasantly spent.

PIANO RECITAL.
Miss Edna Lillian Sheppard, a pupil of Miss Schureman, gave a piano recital Wednesday evening in W. T. Brown Piano Co.'s music rooms. There was present a large number of friends to hear the excellent program. All the numbers were played without music and showed that Miss Sheppard possesses fine technique and musical temperament. The program speaks well for both the performer and the instructor.

The following was the program: Sonata, No. 4, Mozart; Dir. hist. do. Schubert-Liszt Study, op. 740, No. 1, Czerny; To a Water Lily, MacDowell; Spinning Song, Handel; La Chasse Infernale, Kolling; March Grotesque, Sinding; Nocturne, Brahms; Arabesque, op. 45, No. 1, Lischitzky; To a Wild Rose, MacDowell; Valse, op. 34, No. 1, Moszkowski.

ROW ON STREET CAR.
Harry Crews and Jerry McGrath were arrested last night on a city and state warrant sworn out by Lang De Long, a street car conductor for assault and battery. Last evening as the South Main street car which leaves the square at 8:15 was going out to Nichols park Crews and McGrath were asked by Conductor De Long to take their feet down from the seats. This they refused to do and at the same time DeLong was struck with such force that his face was lacerated and one tooth knocked out. The affair took place at junction of South Main and Kentucky streets. The injuries which DeLong received while painful are not dangerous. It is understood that Crews and McGrath had been drinking.

They were placed under arrest and taken to police headquarters where they pleaded guilty and were released on bond. Their case will come up in Squire Reid's court Saturday.

DIED TOGETHER.

Dead Bodies of Man and Woman Found Near Belleville.

Belleville, Ill., June 19.—Lying clasped in the death embrace on the shore of Triangle lake, a mile north-east of here, the bodies of James Bullock and Miss Cora Miller were found this afternoon. In the forehead of each was a bullet hole and the position of a revolver between the bodies indicated that Bullock killed the woman and then took his own life. A note signed by both, indicated that the tragedy was the outcome of a mutual agreement to suicide.

GRIGGSVILLE WEDDING.

On Tuesday afternoon at 4 o'clock took place the wedding of Miss Stella Hatch and Henry Armentrout at the home of the bride in Griggsville. Only a limited number of friends and relatives were present to witness the impressive ceremony. A color scheme of green and white was followed in the parlors which with the other floral arrangements were very tasteful. After the ceremony a wedding supper was served.

The bride is the daughter of J. F. Hatch and has a large circle of admiring friends not only in Griggsville, but in this city where she has frequently visited. She is an accomplished musician and a young lady of charming personality.

The groom is the son of Rev. Mr. Armentrout and is a prosperous business man of Griggsville, of splendid character and ability. Mr. and Mrs. Armentrout expect to take an extended trip north to St. Paul by way of the Mississippi river after which they will make their home in Griggsville.
